PROFESSIONAL SUMMARY

Computer Applications (BCA, AI & Data Science) student at K.R. Mangalam University with a perfect 10.00 SGPA in Semester II, 9.64 SGPA Semester I, and Rank 2 in CTSE 2026 (Code Talent Search Exam). Official Campus Mantri for GeeksforGeeks, administering a 2,000+ member student developer community. Full-stack developer experienced in Python, Java, React, and FastAPI, with hands-on exposure to Machine Learning, cloud deployment (AWS EC2), and data analytics (Power BI). 1x Hackathon Winner and 3x Hackathon Finalist.

TECHNICAL SKILLS

Programming Languages: Python, Java, C, C++
Web Development: React (Vite), HTML, CSS, JavaScript
Backend & Cloud: FastAPI, PostgreSQL, AWS EC2, REST APIs
Data & AI/ML: Machine Learning, Data Structures & Algorithms, Microsoft Power BI, Data Analytics
Tools & Platforms: Git, GitHub, VS Code, Cloud Deployment, Problem Solving, Team Leadership

LEADERSHIP & COMMUNITY EXPERIENCE

Campus Mantri (Official Campus Representative) — GeeksforGeeks
K.R. Mangalam University | Jun 2026 – Present

- Appointed as the official GeeksforGeeks representative for K.R. Mangalam University, one of India's largest programming and developer communities.
- Organize coding events, workshops, hackathons, and technical sessions to grow a stronger developer culture on campus.
- Administer and moderate a university student community of 2,000+ members, driving engagement across coding contests and open-source initiatives.
- Serve as brand ambassador, connecting students with learning resources, mentorship, and industry opportunities.

PROJECTS

Curio — Cloud-Based Quiz Platform Powered by Machine Learning http://98.82.172.28
Semester Project, K.R. Mangalam University | Jan 2026 – Apr 2026

- Built a full-stack, cloud-based quiz management system using FastAPI (backend) and React + Vite (frontend), deployed on AWS EC2 with PostgreSQL.
- Engineered ML-driven features including an Adaptive Quiz Engine, Smart Recommendations, Weak Topic Detection, Cheating Detection, and Composite Leaderboards.
- Implemented role-based access control (Admin | Teacher | Student) and optimized the UI for seamless performance across mobile and desktop.
- Recognized by Projexa AI and K.R. Mangalam University for successful completion.

Cyber Guardian – Protect the Digital Network https://github.com/rohitrksingh1920/Cyber-Guardian-Protect-the-Digital-Network.git
Interactive Browser-Based Cybersecurity Learning Platform | *Personal Project* | June *2026 – July 2026*

- Developed a full-stack browser-based cybersecurity learning platform using **React.js, Vite, FastAPI, PostgreSQL, Docker, JWT Authentication, and AWS EC2**, transforming cybersecurity education into an immersive gaming experience.
- Designed **6 progressive cybersecurity missions** combining arcade-style gameplay with randomized security quizzes covering phishing, password security, malware defense, network security, cryptography, and global cyber attack simulation.
- Implemented **AI-assisted phishing detection**, adaptive quiz engine, XP progression, achievement badges, live leaderboards, user profiles, mission analytics, and secure role-based authentication.
- Built interactive dashboards featuring real-time progress tracking, mission unlocks, statistics, avatar customization, privacy controls, institutional leaderboards, and responsive UI.

ACHIEVEMENTS & AWARDS https://krmangalameduin-my.sharepoint.com/:w:/r/personal/surabhi_shanker_krmangalam_edu_in/_layouts/15/Doc.aspx?sourcedoc=%7B423A77C4-99E0-4A0A-9350-E00270177282%7D&file=Rohit2501060098SectionA.docx&action=default&mobileredirect=true

- **Rank 2, CTSE 2026** (Code Talent Search Exam) — organized by Programming Pathshala and Zenith School of AI.
- **Perfect 10.00 SGPA,** Semester II — achieved an 'O' (Outstanding) grade in all seven subjects.
- **1x Hackathon Winner, 3x Hackathon Finalist** across university and inter-college competitions.
- **3rd Position, Code Canvas Competition** (Visual AI Tool Design) with team Gen tEch.
- **Rank 4, Build and Beyond Event** — K.R. Mangalam University, Tech Nexus Club.
- **Rank 12, AArambhathon 2025** — First-Year Exclusive Hackathon by SOET & Centre of Excellence (AI).

CERTIFICATIONS & TRAINING

- GenAI Powered Data Analytics Job Simulation — Tata Group via Forage (April 2026)
- 7-Day Machine Learning Workshop & Deep Learning Workshop — Centre of Excellence in AI (CoE-AI), K.R. Mangalam University

- Code Slayer 2k25 — National Institute of Technology (NIT), Delhi, via Unstop
- PPT Submission & Online Pitching Round — TechDome, with team Gen tEch

CODING PROFILES

- **LeetCode:** 261+ problems solved; earned 100 Days Badge (2026), 50 Days Badge (2025 & 2026), and Daily Coding Challenge Badge.
- **GitHub:** 39 public repositories with 808 contributions in the past year, spanning full-stack, Python, and AI projects.

EDUCATION

Bachelor of Computer Applications (AI & Data Science) — K.R. Mangalam University
Sep 2025 – 2028 (Expected) | Gurugram, Haryana, India | SGPA: 10.00/10 (Semester II) | SGPA: 9.64/10 (Semester I)
